

The Phoenix Flier

March 2012

All quiet but still busy

You might not have heard much from us in the last few months but we have been busy working on two specific projects.

We have finalised the plans for the community notice board and submitted the planning application early this year. We are hoping to get a decision during March. Our thanks go to L & A MacKay who have kindly provided the technical drawings which accompany the planning application. Details of the planning application can be viewed on the Argyll and Bute Council website – reference 12/00032/PP.

We have also been working closely with the Strathclyde Building Preservation Trust on proposals for the Clock Lodge. We are proposing that an options appraisal be carried out to confirm that the building is still capable of being refurbished and also what uses would be most appropriate to secure the building for the long-term. If you have any thoughts please [contact us](#) and let us know.

We have submitted our proposals to Argyll and Bute

Council and now await a formal decision on their recent marketing exercise.

Going the distance for Phoenix

Our thanks and congratulations go to Matthew Watkiss who recently handed over more than £200 in sponsorship money following his successful completion of the 2011 Edinburgh Marathon.

The money was a much needed boost to funds and enabled us to pay for the planning application for the notice board.

If you think you would like to raise money for the Phoenix Project through a sponsored event, why not [contact us](#) and we can let our members know what you are doing.

Coming Up

BEACH CLEAN

31 March 2012

Look out for posters nearer the time.

Getting involved

Become our friend on Facebook and keep up to date with our activities. Search for Lochgilphead Phoenix.

Can you help raise funds for the Phoenix – all money raised will help to support projects within Lochgilphead.

If there's something you would like to see done then why not let us know. We meet fortnightly; please [contact us](#) if you have any proposals.
